GYAN RANJAN

Full-Stack & AI/ML Developer | Backend & AI Systems | Competitive Programmer
gyanranjanjee@gmail.com • github.com/Gyan-Ranjan-01 • linkedin.com/in/gyan-ranjan-

EDUCATION

Indian Institute of Engineering Science and Technology, Shibpur — *2025 – 2029*
B.Tech — Information Technology — **CGPA: 9.22 / 10**
Enrollment No: 2025ITB040

TECHNICAL SKILLS

Languages	Python, JavaScript, C++, HTML5, CSS3
Backend	FastAPI, Node.js, Express.js, REST APIs, MongoDB, Mongoose
AI/ML Tools	Qdrant, FAISS, LangChain, Google Gemini API, Groq
Developer Tools	Git, GitHub, Docker, Render, Vercel, Hugging Face Spaces

PROJECTS

RepoMind | (Live Demo) | (Github) — *FastAPI · Qdrant · Gemini · Groq · LLaMA 3.3 70B*

- AI-powered platform for natural-language Q&A over GitHub repositories, using a Retrieval-Augmented Generation (RAG) pipeline with language-aware chunking and multi-query retrieval.
- Designed an end-to-end retrieval pipeline integrating GitHub ingestion, Gemini embeddings, Qdrant vector search, and Groq LLM inference — indexed across 7+ repositories and 100+ files to date.
- Implemented real-time indexing progress via streaming responses and engineered rate-limit-aware batching — pausing 60 seconds after every 100 chunks — to stay within Gemini embedding API RPM quotas.
- Refactored a monolithic backend into a modular FastAPI service architecture and deployed frontend (Vercel) and backend (Render) independently with CI-friendly builds.

DocOnCall | (Live Demo) | (Github) — *Node.js · Express · MongoDB · Gemini API ·*

- AI-powered healthcare platform for symptom analysis, medical report summarization, and doctor consultation booking.
- Integrated Gemini API and Groq SDK behind a 3-model LLM fallback chain (Gemini 2.5 Flash → Flash Lite → Groq LLaMA 3.3 70B) to maintain uptime under API quota limits.
- Implemented session-based authentication (express-session, httpOnly cookies) and structured MongoDB schemas for user, consultation, and report data.

ACHIEVEMENTS & CERTIFICATIONS

- Best First-Year Team — HackSprint Hackathon, IIEST Shibpur (Nov 2025) — awarded ₹5,000 prize along with certificate of recognition.
- Competitive Programming —Pupil(1200+) on codeforces and solved 300+ problems across platforms across codeforces, leetcode and codechef.

EXTRACURRICULAR ACTIVITIES

- Participated in the college Model United Nations (MUN); represented Japan, deliberating on the policy of autonomous weapons systems.
- Member: EDC, CodeIIEST, DebSoc — IIEST Shibpur
